Ben Scaturro

General Contractor

My company has been fortunate enough to have had Alpine Painting & Sandblasting Contractors perform some work for us on two different occasions this past year. Everything from their proposal to finished product truly exemplified what an incredible company they are. Their knowledge of the paint industry and the detailed specs they provided were unlike anything I have ever been provided with by any contractor. They used the best material for our application and made sure to take the time to explain the technical aspects of the materials as well as provided detailed information in the proposal itself. From the day the project started they were on time, extremely clean, and always flexible and willing to do whatever it took to ensure the project was completed in our timeframe and around our work schedule. When it came time to see the finished product I was simply amazed by both the quality of the work and how quickly they were able to get it done. Hands down the quickest, cleanest, best paintwork I have ever seen. From start to finish they were professional, organized, timely, and most importantly provided excellent work. Bottom line, this is a reliable family business that I would recommend to any one!!! December 28, 2011

Top qualities: Great Results , Expert

Peter hired Ben in 2011, and hired him/her more than once.

Dave Scaturro

General Contractor
