Hi Sam -

Thanks for chairing the C.7.3 Surface Preparation of Concrete Committee meeting at SSPC 2015 in Las Vegas. Without the ongoing efforts of volunteer chairs like you, SSPC could not continue to develop consensus standards.

Times being what they are, volunteers are not easy to recruit, and committee chairs play a critical role in developing preliminary drafts, responding to comments, and running meetings and teleconferences.

It's been a pleasure working with you this past year, and we look forward to a productive standards development year in 2015.

Sincerely,

Aimée Beggs
Standards Development Specialist

Michael P. Damiano
Director of Product Development
