**Re: Five Boroughs Brewing Co. – Interior Brewery Painting**

**Dave,**

**Thank you to you and your team for all your hard work over the last few months making our painting project an absolute success. The level of professionalism shown by all of Alpine's employees is second to none and the entire process from bidding to execution could not have been easier.**

**I would like to specifically call out the performance of your site supervisor, Ruben Borda. Ruben ensured all tasks were completed exactly to our standards, that our facility was kept "better than he found it" at the end of each day, and that all members of his staff treated our facility with the utmost of respect.**

**Your team was also extremely accommodating to our schedule, given the fact that numerous trades were in our facility over the course of the project, and we appreciate that flexibility to work hand in hand with our other vendors.**

**There is no doubt in my mind that we will continue to use Alpine Painting for all future projects, and we will certainly pass along your information to anybody else in the industry that is looking for references. Please make sure you stop by for a pint soon.**

**Cheers!**
