Mr. Sam Scaturro  
Alpine Painting & Sandblasting Contractors  
17 Florida Avenue  
Paterson, NJ 07503

Dear Mr. Scaturro:

On behalf of the New Jersey Subcontractors Association of New Jersey, I am pleased to inform you that Alpine Painting & Sandblasting Contractors has been chosen to receive our **2011 Safety Award**. Our selection was based on several factors, including your OSHA 300 log statistics, Workers' Compensation Experience Modification and Safety Program.

The NJSA is committed to improving the safety of our member companies and their employees. Our goal is to raise the level of safety awareness, offer assistance in safety programs and promote safety through awards and recognition. It is our hope that members of the NJSA will not only be the best subcontractors in the country but also the safest. As a recipient of this award, you help define excellence in safety and serve as a role model for member companies.

Your award will be presented at our 40<sup>th</sup> **Annual Awards Dinner** on Saturday, November 5, 2011 at the East Brunswick Hilton, New Jersey. We invite you to join us prior to the dinner at a VIP reception in honor of all the award recipients beginning at 5:00 pm. The event will begin at 6:00 pm.

In order to prepare for the event, we will need from you a black and white photograph and biography for our Souvenir Journal, by September 26, 2011. We also ask that you provide us with a list of business associates, friends, etc. who would be interested in attending the dinner and/or offering their congratulations on your outstanding accomplishment. These people will be sent an invitation to the dinner and invited to participate in the Souvenir Journal.

This event is always well attended; reservations will fill quickly. We encourage you to send your guest list to Kevin Monaco, our Executive Director, as soon as possible, in order to assure invitations will reach your guests in ample time to reply. Please note that you are not limited to the number of guests invited on your behalf.

You join a cadre of leaders within the construction industry who have elevated the standards to which we strive, we thank you for your contributions and we applaud your achievements.

Sincerely,

Robert J. Sagendorf  
Chair, Safety Committee
