To Whom It May Concern:

I would like to take a moment to let you know about Alpine Painting and Sandblasting. Alpine has been our painting company for about the last 10 years. Alpine keeps our ballpark looking like the day it opened back in 1999.

I can't tell you how many times people who have come to the ballpark for the first time, come to us and ask us if we just opened up a few years ago and when we tell them we have been open since 1999, they can't believe how good the facility looks and that is in large part due to the distinctive "Patriots" Green steel that always looks immaculate around the ballpark.

Not only does Alpine do our painted surfaces, but they have redone our concourse flooring in places and they stand behind their work 100%. They are the type of family owned business that you can give them the key, tell them what you want done, walk away, and when you come back it's done.

Alpine is certainly deserving of the award that they have applied for and we hope that you will give them the utmost consideration when making your decision.

If you have any questions or need additional information from me, please let me know.

Sincerely,

Bryan Iwicki
