

WAGNER COLLEGE

CAMPUS OPERATIONS

December 19, 2022

To Whom It May Concern,

Alpine Painting and Sandblasting was professional, efficient and the workmanship was top quality. Alpine completed our projects ahead of schedule and on budget.

The work they performed not only drastically improved the appearance of buildings, but also solidified the exterior façade solving multiple issues. Wagner College was so pleased with the work that we immediately began conversations with Alpine for future projects. We look forward to a continued partnership with Alpine for years to come.

X
